

National Service in New York

MEETING COMMUNITY NEEDS IN NEW YORK

More than 32,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in New York. Serving at more than 2,800 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$79,930,000 to support New York communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$63,070,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 5,000 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across New York. Most AmeriCorps grant funding goes to the New Yorkers Volunteer, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 76,000 New York residents have served more than 120 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$266,770,000.

Senior Corps: More than 27,000 seniors in New York contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 6,400 young people who have special needs. Senior Companions help more than 1,900 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 1,100 groups across New York.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in New York, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$5,500,000 in expanding the impact of 19 nonprofits in New York, selected and supported by 7 intermediaries.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2014 - 2015 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in New York. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- New York is served by the AmeriCorps NCCC campus located in Perry Point, Maryland. In the past year, AmeriCorps NCCC teams have served on projects in Albany, Central Islip, Forest Hills, Garden City, Lake Clear, Claryville, New York, Brooklyn, Newcomb, Buffalo. The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 76,000 New York residents have served more than 120 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$266,770,000.

AmeriCorps State

AmeriCorps members serving in the Harlem Children's Zone's (HCZ) Peacemaker Program play a critical role in a pioneering comprehensive, community-building initiative called the HCZ Project. The Project is a neighborhood-based network of programs and services that create positive opportunities and outcomes for more than 23,000 children and adults who live in a 97-block area of Central Harlem. AmeriCorps members support three key programs within the HCZ Project to improve the academic outcomes of Central Harlem children and youth. AmeriCorps members support the primary focus area of success in school for 2,000 children in grades K – 5 at seven NYC public elementary schools in Harlem. Additionally, members support the school readiness of 237 three- and four-year-olds at the Harlem Gems pre-kindergarten programs and help prepare 200 high school youth for college.

AmeriCorps National

Reading Partners is dedicated to helping children become lifelong readers by empowering community volunteers to provide individualized instruction that produces measurable results. The program's vision is that all children in New York City will have the literacy skills they need to reach their full potential. In 2013-14, AmeriCorps members served 704 students with the help of 979 volunteers in 12 schools across the city. The program exceeded expectations with 90 percent of target students accelerating their rate of learning. Further, 73 percent of target students narrowed their literacy gaps with their peers who read at grade level. Reading Partners currently engages 21 AmeriCorps members in service to manage reading centers, provide one-on-one literacy tutoring, recruit volunteers, and build capacity. In 2014-15, AmeriCorps members are on track to help serve 800 students in 14 schools with the help of approximately 1,000 volunteer tutors.

AmeriCorps VISTA

In an effort to address hunger and help lift people out of poverty, the New York City Coalition Against Hunger's Anti-Hunger Opportunity Corps VISTA project has 101 members placed in New York, Washington, DC and in 32 states. Last year, these members recruited more than 5,800 volunteers, and leveraged more than \$599,000 in cash. At the GrowNYC Grow to Learn site, VISTA members are focused on the creation and maintenance of school gardens in K-12, public and charter schools in NYC. VISTAs serving with Grow to Learn, the Citywide School Gardens Initiative, have worked with several school gardens and an Urban Farm on Governor's Island to develop their capacity, and have streamlined Grow to Learn's grant process and database system.

With 30 members serving in low-income communities in the Capital District of NY, Siena College AmeriCorps VISTA members have a strong impact in many areas. One of the Siena AmeriCorps VISTA Fellows was helping the Boys & Girls Club of Albany. Rebecca Clere was able to obtain the SEFCU Non-for-Profit Collaboration Challenge Grants for \$10,000. Rebecca has also obtained other grant funding to support programs such as Pediatric CPR/First Aid courses, SAT/ACT study books and tutors, and the expansion of the Healthy Habits fitness and nutrition program. Collectively, the 30 VISTA's have engaged 506 volunteers and raised more than \$404,800 in cash for the community programs.

AmeriCorps NCCC

An AmeriCorps NCCC team served with the Mayor of Buffalo's Division of City Services. The Division of Citizen Services coordinates several subsidiary programs and initiatives aimed at strengthening the community, reducing crime, increasing educational resources, and public works access. While there, the team worked on neighborhood restoration and beautification projects alongside neighborhood groups and community-based organizations. Corps members worked on lead removal while renovating multiple homes identified by the Erie County of Department Health to pass health inspections and ultimately deter child lead poisoning. The team painted several homes and informational signs, and participated in multiple community clean ups. They also removed graffiti and cleaned vacant lots throughout Buffalo. The team directly serviced 384 people; many whom were elderly, disabled, or youth residents in various communities around the city of Buffalo. At the completion of the project team removed approximately 5,000 lbs. of trash and debris, planted 80 shrubs while working in community gardens, restored over one acre at the Masten Park in Buffalo, and restored a local community bike path and park.

In 2014, two AmeriCorps NCCC teams served with NECHAMA, which means comfort in Hebrew. NECHAMA is a volunteer organization that provides natural disaster preparedness, response, and recovery services nationwide. Each year NECHAMA trains hundreds of AmeriCorps NCCC members how to safely and effectively respond to disaster. Both projects that teams worked on in 2014 were in response to Superstorm Sandy.

Corps members restored homes to individuals affected by Hurricane Sandy. Teams installed insulation, put up sheetrock, applied joint compound, tape, primed, and painted. Most homes that corps members worked on were barely studs. By the end of their service with NECHAMA, both teams had worked on restoring housing to 28 families.

Senior Corps Foster Grandparent Program

The Syracuse School District is investing \$350,000 to expand the Foster Grandparent Program to every 1st and 2nd grade school in Syracuse. In total, 167 Foster Grandparents will serve in the 2015-2016 school year. In FY 2015, Senior Corps will evaluate partnerships between Senior Corps Foster Grandparent Program grantees and models funded through AmeriCorps grants. CNCS is also providing technical assistance and training to support the adoption of national service best practices in Syracuse.

Senior Corps RSVP

Erie County RSVP, sponsored by the Erie County Department of Senior Services, has 788 active volunteers. As part of their Adult Education, they have coordinated University Express, which offers both lifelong learning for older adults, and a flexible, time-limited, quality volunteer opportunity for retired faculty and other highly skilled volunteers. University Express serves as a valuable recruitment vehicle for RSVP by reaching out to active older adults interested in continued learning and interaction with others. Thirty-five RSVP volunteers in University Express instruct short academic courses and lectures for adults 55 and over at senior centers. Volunteer instructors include retired faculty or other professionals who provide courses in diverse areas including literature, science, economics, history and social sciences. They led 40 classes for 1,520 seniors/students.

Senior Corps Senior Companion Program

The Henry Street Settlement Senior Companion Program has 121 volunteers who served more than 109,600 hours in one year, allowing 210 seniors to age in place and remain independent in New York City. These volunteers provide companionship and assistance with clients' daily tasks in order to facilitate their independent living. Because these seniors have assistance and socialization they are able to age in place. Survey results show that 93 percent of seniors are still living independently at home because a Senior Companion is helping them manage tasks such as preparing meals, shopping, managing money, doing house work, and taking medication. As one station reported, "The client and companion have a close bond. On numerous occasions the client has mentioned that the companion is one of the most interesting and endearing persons that the client has met. The client often tells me that she shares stories and personal thoughts with the companion. Taken together, the relationship is a source of contentment and confidence for the client."

Social Innovation Fund

The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in New York, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$5,793,377 in expanding the impact of 20 nonprofits in New York, selected and supported by eight intermediaries.

Intermediary Grantmakers in New York

Location	Intermediary Name <i>Nonprofit Subgrantees</i>	Description
New York, NY	Corporation for Supportive Housing	Corporation for Supportive Housing provides grants and technical assistance to nonprofits in three states to create and implement supportive housing connected to coordinated health services.
	<ul style="list-style-type: none"> • <i>Catholic Social Services of Washtenaw County in Ann Arbor, MI</i> • <i>AIDS Connecticut in Hartford, CT</i> • <i>Economic Roundtable in Los Angeles, CA</i> • <i>Tenderloin Neighborhood Development Corporation in San Francisco, CA</i> 	
New York, NY	Corporation for Supportive Housing (Pay for Success)	This project will provide technical assistance to government and nonprofit organizations, building their capacity to pursue PFS pilots that improve outcomes and reduce costs for high-cost vulnerable populations, namely homeless individuals, youth and families, and disabled residents of health care institutions who prefer to live in the community. CSH aims to prepare a range of government and nonprofits to engage in PFS transactions by identifying evidence-based preventive interventions; conducting feasibility studies; preparing for PFS implementation; and analyzing alternate social finance strategies. This project will select up to 12 Sub-Recipients to receive a customized package of technical assistance and participate in peer learning initiatives. Based on CSH's work in this arena for the past three years, CSH believes that PFS financing can serve as a lever for changing how government allocates resources, shifting from high cost, crisis systems of care to less expensive, community-based interventions, namely supportive housing.
New York, NY	Local Initiatives Support Corporation	LISC is developing Financial Opportunity Centers – a workforce development and asset-building model that boosts earnings, reduces expenses and coaches low-income families on how to make better financial decisions – in six new cities with 7,500 total participants.

Intermediary Grantmakers in New York

Location	Intermediary Name <i>Nonprofit Subgrantees</i>	Description
New York, NY	Nonprofit Finance Fund (Pay for Success)	Nonprofit Finance Fund (NFF) will intermediate SIF funds for Pay for Success (PFS) transaction structuring and to expand PFS knowledge sharing. The program leverages NFF's recognized roles as a leading PFS market facilitator, a knowledge integrator and an independent trusted advisor to all types of PFS stakeholders (service providers, government, investors and foundations, intermediaries, and evaluators) across a broad range of geographies and social issues. NFF's proposed program will: 1. Provide sub-grants to support the structuring of Pay for Success projects selected through an open, transparent, and competitive sub-recipient selection process that will emphasize the SIF funding priorities; 2. Create and share well-defined criteria by which to assess opportunities to successfully structure and close PFS transactions; and 3. Collect and share knowledge and tools through NFF's learning platforms, including the existing Pay for Success Learning Hub website. 4. The primary outcome will be the provision of \$2.88 million in grant funding over two years to an estimated 12 sub-recipients (anticipated as state, county, or local governments, and nonprofit providers with identified transaction coordinators) to structure high-quality PFS transactions. Sub-recipients will be expected to structure and close PFS transactions within two years of receiving support and therefore the program anticipates 8 transactions funded through the program will get to contract within a three-year period.

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Hauppauge, NY	Long Island Housing Partnership Capital Impact Partners	Long Island Housing Partnership is building a body of evidence for how shared equity affordable ownership models contribute to neighborhood stability, affordability, and participants' long term economic well-being.
New York, NY	Single Stop USA GreenLight Fund	With its subgrant to Single Stop USA, GreenLight's SIF Initiative will support the expansion of its program services, which provide financial assistance to students through a connection with existing, scalable public resources, to Philadelphia, PA. Single Stop expects to serve over 31,000 students during the five-year engagement. Single Stop will partner with the Community College of Philadelphia (CCP) to provide students and their families with free on-campus services and access to additional community resources such as tax preparation, financial counseling, and legal services that help students stay enrolled in school. By using its web-based screening platform and case management system, the Benefits Enrollment Network (BEN), community college staff can quickly determine student eligibility for a range of public benefits and services, including food stamps, health insurance, tax credits and other benefits. Single Stop not only helps students access financial resources and benefits, but also provides critical support services and capacity building to the executive leadership teams and boards of college partners as well as data analysis services to operations personnel. As a result of the Social Innovation Fund, Single Stop has been able to expand its services significantly and in 2011 alone, it helped more than 140,000 families and students access more than \$425 million in benefits and services. These numbers indicate that Single Stop at community colleges is a powerful intervention that works to alleviate poverty in the short term by providing students and their families with access to critical benefits and services that supplement their income and in the long run by helping students stay in school and graduate, thus increasing lifetime earnings. Single Stop's expansion to Philadelphia through GreenLight's SIF Initiative will accelerate its continued growth nationally. The committed matching support from CCP (\$1M over five years) will support Single Stop's strategy of increasing college investment in its services and the GreenLight award will provide the opportunity to conduct an impact evaluation to confirm how Single Stop affects students' academic success in three particular ways: credit accumulation, persistence, and degree completion.
New York, NY	YearUp GreenLight Fund	With its subgrant to Year Up, GreenLight's SIF Initiative will support the expansion of its Professional Training Corps (PTC) to Philadelphia, PA, which combines skills training, college credit accumulation, and career trajectory work experience for low-income young adults. Year Up aims to serve 1,200 young adults (ages 18-24) in Philadelphia over the five-year engagement. Year Up's PTC resides in two-year colleges and provides the opportunity for a cohort of fulltime college students to earn credits by engaging in a year-long program that begins with PTC coursework and is followed by a six-month, fulltime internship in a professional-sector career. PTC aims to meet student outcome targets that include employer satisfaction, college graduation, job placement, and attaining long-term financial sustainability. Year Up's expansion of its PTC to Philadelphia through the GreenLight SIF Initiative is part of its "Million Person Model" strategy focused on scaling to serve 100,000 low-income, minority young adults per year by putting them on a clear pathway to obtaining a degree and developing relevant professional skills. Year Up's traditional program model has been proven to boost a young adult's annual earnings by an average of 30 percent. As PTC is an adaptation of that model, the SIF evaluation will help to develop a differentiated research base to test how the adaptation impacts success. The evaluation will also lend key evidence to the fields of college persistence and employment by identifying the impact of college engagement and internship experience on various employment outcomes, including wages and career trajectory.
